PRODUCT LEGAL NOTICE

This notice is to confirm that all products manufactured by Professor Herb (Organic Products Distribution Group Limited) adhere to UK legislation.

Third Party Cannabinoid Analysis and Testing

We can confirm that Professor Herb products containing hemp biomass have been analysed and tested by Adact Medical Ltd to verify the cannabinoid contents.

CBD/THC/Tobacco Content

We can confirm that all Professor Herb products manufactured using hemp biomass contain THC levels that are less than 0.2% and less than 1 milligram of THC per pack as per UK legislation. All analysis certificates can be accessed online at <https://professorherb.co.uk/pages/cbd-lab-reports>.

We can confirm that all Professor Herb products do not contain tobacco or nicotine.

Public Health England

We are required by law to submit to the Secretary of State a list of all the ingredients of the product, by brand and variant name, and the quantity of each ingredient.

We can confirm that all Professor Herb products that are manufactured for the purpose of smoking have been analysed, tested and submitted to PHE (Public Health England/Secretary of State).

Police/Border Force Inspection

We can confirm that all Professor Herb products manufactured using hemp biomass have been inspected by Leicestershire Police and have had no charges or investigations brought against us.

We can confirm that all raw hemp biomass imported by Organic Products Distribution Group Limited has been inspected and cleared by UK customs/border force.
